NEWSLETTER DECEMBER

## NESSI - the European Technology Platform for Software, Services and Data

Dear NESSI Member,

We are glad to present to you the December edition of the NESSI Newsletter 2014. This issue will focus on the follow-up of the NESSI Member's and International Day in Barcelona. Furthermore, we will introduce you to the next Telco Cloud Forum 2015, where NESSI will be a supporting organisation, and other upcoming events which may be of interest to you.

As always, we hope that you find this edition of NESSI news interesting and would welcome you to follow us on Twitter ([@NESSI\\_ETP](#)) or to check out our website [www.nessi-europe.eu](http://www.nessi-europe.eu) for the latest updates.

Best regards,

NESSI Office

### NESSI Members and INCO Day 2014

The NESSI Member's and International and Cooperation (INCO) Day 2014 was a great success, many thanks to the enthusiasm of all the participants. The event took place on the 20th and 21st of November at the "Universidad Autonoma de Barcelona" and was attended by over 110 individuals from 36 different countries.

The participants included representatives from the European Commission, from NESSI and other European Technology Platforms such as NEM (New European Media) and NetWorld2020 (telecommunications) and also PLANETIC, the Spanish ICT-based Technology Platform. Organisations and

researchers from European and non-European countries including Latin America, North Africa and Middle East, Eastern Europe and Central Asia, South East Asia and China, working on projects focused on International Cooperation for ICT were also present.

The attendees were given an overview of H2020 by Thierry Boulangé from the European Commission. This was followed by a presentation of NESSI, its structure, functioning and most recent achievements, in particular the creation of the Big Data Value Association and the works on Software Engineering and Cloud Computing. European Technology Platforms NEM and Networld 2020 also presented their structure and activities followed by PLANETIC in Spain. It was given an introduction of 8 FP7 funded projects focusing on International Cooperation around ICT, targeting different regions of the world.

## Horizon 2020 ICT-16 Big Data networking day

Horizon 2020 ICT-16 Big Data networking day will take place on 16th January at the Albert Borschette Congress Center in Brussels. The aim of the event will be to inform and guide applicants preparing project proposals, to facilitate sharing of ideas and experiences, giving them the chance to networking and finding partners for their projects.

The activities supported will contribute to the Big Data challenge by addressing the fundamental research problems related to the scalability and responsiveness of analytics capabilities. The registration to the event will be open until 8th January 2015.
